Healthcare IT Specialist

Description

We are seeking a Healthcare IT Specialist to enhance patient care and operational efficiency. You will be responsible for implementing and managing Electronic Health Records (EHR) systems, telemedicine solutions, and other healthcare IT tools to support exceptional patient service and streamline operations.

Qualifications

- Implement and support EHR systems to improve patient data management.
- Integrate and maintain telemedicine platforms for remote consultations.
- Provide technical support and training to healthcare staff.
- Ensure compliance with healthcare regulations and data security standards.
- Analyze and resolve IT issues to minimize downtime and disruptions.

Job Benefits

- Bachelor's degree in Health Information Technology, Computer Science, or related field.
- Proven experience with EHR systems and telemedicine solutions.
- Strong understanding of healthcare regulations and data security.
- Excellent problem-solving skills and attention to detail.
- Ability to work collaboratively with healthcare professionals.
